Hi y'all,

The nightmare [special session has officially ended](#). By now you've seen just how much influence our state government has in each of our lives. Hopefully you're beyond motivated to get out the vote in 2022 and vote some irresponsible legislators out of power! And if you're not there yet, we'd love to hear why and what we can do to help.

Actions for this week:

## 1. Testify

### Testify at House and Senate Redistricting Hearings

After months of delays, Census data has finally been delivered and the Lege is gearing up for redistricting. These may be your last opportunity to have a voice in the redistricting process. Thanks to [Texans Against Gerrymandering](#) for compiling this important hearing information!

## 2. Join the Hanger Crusade

### Keep pushing back against SB8 that outlaws abortion in Texas after 6 weeks

The United States Supreme Court refused to stop Texas' SB 8 that all but makes any type of abortion care illegal in the state of Texas. Make no mistake - this law will kill people. Full stop. It is reckless, dangerous, controlling, and bad on every level. Keep sending legislators hangers to remind them that this new law will result in unsafe back-alley abortions.

That's it for this week. Deadlines to run for office are coming soon (December 13, 2021), so if there isn't a challenger in your area going against an incumbent who supported legislation that hurts Texans, [think about running!](#) We're here to help with any questions you have. Just reply to this email and we will be in touch!

Much love,
